# LMC

We stand for lightweight construction and design. The products from our house have been developed by our engineers with a focus on lightweight construction while maintaining excellent quality. This allows you to have a payload that enables you to take not only the essentials but also a lot more. Our outstanding interior design gives you the freedom to bring in your own color schemes and make your travel companion your individual home. Your LMC fits you.

## LMC CARAVAN YOUR BRAND FROM MÜNSTERLAND

Get familiar with LMC and travel with a good feeling. We build safety in series and ensure your smooth ride. Our clever safety solutions provide stability, protection, and comfort. Ask your dealer about the safety features in LMC's series.

# LMC

**TIMELESSLY  
BEAUTIFUL  
INFINITELY  
INDIVIDUAL**

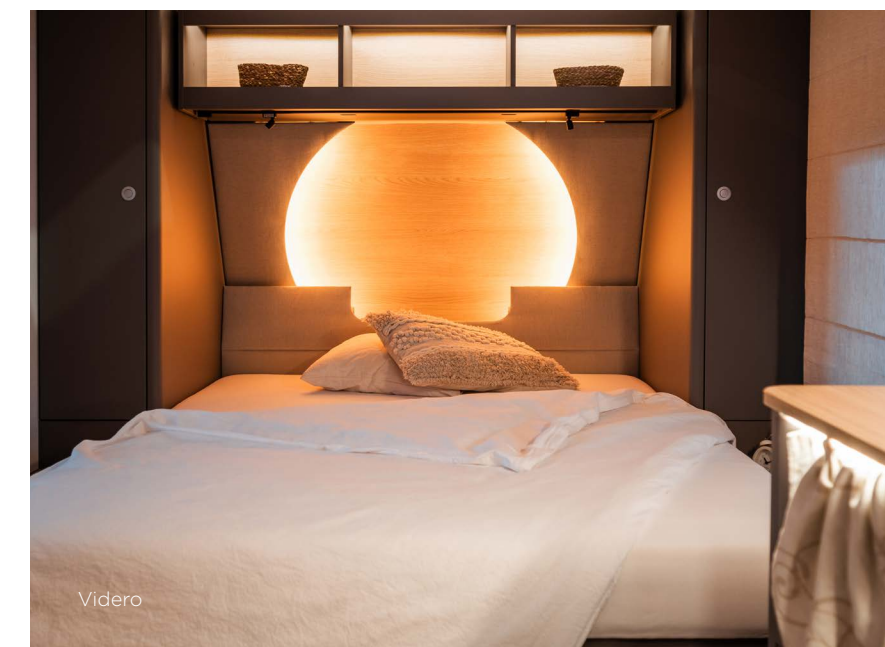

Your travel companion is as flexible as you are. LMC focuses on understated interior design so you can express yourself in your travel home. Our timeless design combines style and function. Simple elegance remains modern for a long time and can be reinvented with decor and accessories – entirely according to your taste. Because in the end, only one thing matters: That you feel at home everywhere in the world.

LMC  
configurator

\* The technically permissible maximum laden mass of the vehicle (e.g. 2,000 kg) is a mass specification defined by the manufacturer that the vehicle must not exceed. You can find information on the technically permissible maximum laden mass of the model you have selected in the technical data. Driving the vehicle even if it exceeds the technically permissible maximum laden mass constitutes an administrative offense that may result in a fine. The weight specifications and tests for caravans are regulated uniformly throughout the EU in EU Implementing Regulation No. 2021/535 (until June 2022: EU Regulation No. 1230/2012). We have summarized and explained the essential terminology and legal requirements from this regulation for you below. Our dealers and the LMC configurator on our website are there to give you additional assistance in configuring your vehicle.

<sup>1)</sup> The dimensions given are standard values specified in the type approval procedure. Due to manufacturing tolerances, the actual dimensions may deviate from the values specified above. Deviations of up to ± 3 % of the dimensions are legally permissible and possible. The factory installation of optional equipment may influence the specified dimensions of the respective model or floor plan.

Whether compact and flexible or spacious and family-friendly – with us, you'll find the perfect vehicle for every occasion. But it's not just about the selection, it's also about comfort. Large storage capacities, sustainable upholstery fabrics made from recycled PET bottles, and practical kitchen solutions make traveling even more enjoyable. With the optional pop-up roof, we create not only two additional sleeping places but also a cozy nook that both children and adults love (depending on the model). Enjoy your time off with LMC!
